APPOINTMENT TO PROVINCIAL GRAND RANK

The conferment of Rank is the prerogative of, and entirely at the discretion of, the RW Provincial Grand Master, whose decision may not be questioned.

Rank is conferred in respect of an individual's merits and not in respect of the merits of his Lodge. In assessing the merits of a Brother, particular regard is paid to the interest he has shown in his Lodge's affairs his services to his Lodge since he has passed the Chair and his support of the Province.

The honour conferred on a Brother is that of being appointed one of the Officers, Present or Past, of the Provincial Grand Master, irrespective of the Rank of the Office. Rank is not only a reward for past service, but is to be regarded as an opportunity and incentive for further service to Masonry.

WELCOME TO THE ROYAL ARCH

From Initiation to Exaltation

Every Master Mason should aspire to continue their journey from Initiation in the Craft to Exaltation as a Companion in the Royal Arch.

When the Antient and Modern Grand Lodges came together to form the United Grand Lodge of England in 1813 they declared that 'Pure Antient Masonry' consists of three degrees—the Entered Apprentice, the Fellow Craft, and the Master Mason including the Royal Arch.

This declaration still stands at the front of our Book of Constitutions and means there are four parts to a Freemason's journey. For historical reasons, the first three are governed by UGLE, while the Royal Arch is governed by the Supreme Grand Chapter of England—but in real terms we are one organisation.

By the time you become a Master Mason, you have learnt a lot on your masonic journey and made great progress. But you also learn that the journey is not finished because the genuine secrets of a Master Mason remain lost—this implies there is more to learn. In the Royal Arch, you complete this journey and recover the true secrets of a Master Mason through a spectacular, colourful, and dramatic ceremony you will remember forever.

But the 'genuine secrets' you discover in the Royal Arch are not what you might think they are—they are even better.

You also learn the important lessons of companionship and collaboration—just as the three original Grand Masters worked together to build King Solomon's Temple, everything in the Royal Arch is done as part of a team

This emphasises the further friendship and companionship to be found within the Order, and the important value of working together in harmony with others.

In addition, what you learn as a Royal Arch Mason encourages you to act as an example to support and inspire others
